Brand New Book ***** Print on Demand *****.It takes time and effort to cultivate any high quality relationship, and the relationship with your boss is no exception. What is unique about the boss-employee relationship is that it can be a beacon for productivity, job satisfaction, and exceeding business objectives, or it can be a burden, which leads to stress, a drop in morale, and a loss of engagement and progress in one's career. Successful companies are built on effective relationships both up and down the reporting chain. Conversely, businesses with the greatest chances for success have sometimes faltered simply because they failed to recognize the need to manage up the hierarchy. #MANAGING UP tweet, by organizational experts Tony Deblauwe and Patrick Reilly, is a concise and easy guidebook that helps you successfully navigate the right way to manage your boss to the mutual benefit of both parties and the organization. Each section provides thought provoking and actionable statements that will help you learn how to effectively collaborate with your manager and drive a better connection that positively impacts how each party views job roles, expectations, priorities, and performance.
