Createspace, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: French . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Par sa grande modernite, et par le bon-sens de ses propositions, Pierre de Boisguilbert (1646-1714), merite une appropriation par tous de son uvre. L origine de la publication du present livre est a trouver dans ce constat. La courte etude d Albert Talbot offre en effet une introduction eclairante sur les idees economiques de Boisguilbert, et permet de replacer sa pensee dans le courant d idees de la France de son epoque. Une presentation sommaire ne peut eviter les defauts des introductions: et en effet ce court ouvrage n expose pas chacune des facettes des idees et des propositions de reformes de Boisguilbert. Mais il parvient a les synthetiser, et a degager les fondements du systeme de pensee que l auteur du Detail de la France est parvenu a developper. L exposition de ses principes, sur les questions les plus diverses et les plus fondamentales de l economie politiques, telles que la monnaie, le libre-echange ou la reglementation de l industrie, forme le fil rouge de cette etude. On lira donc avec grande attention ces pages, qui tachent de presenter au grand public les idees de l un des plus grands esprits, et surtout l un des premiers, a avoir applique ses lumieres a la resolution des plus epineuses questions economiques, qui tracassent tant aujourd hui nos dirigeants et impactent nos vies quotidiennes.
