Reviews

*This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

Olivia de Havilland is one of the last few living actresses who worked during the Golden Era of Hollywood, but also one of the most decorated, winning dozens of awards over the course of a 50 year career. Among those, she most notably won the Academy Award for Best Actress for To Each His Own (1946) and The Heiress (1949), more than a decade after she got her start as an 18 year old in Hollywood. Ironically, de Havilland was in California in part because the young British girl who had been born in Tokyo stopped in the States for medical treatment. Of course, de Havilland isn t well remembered for any of those accolades or other movies but because she played Melanie Hamilton in Gone With the Wind (1939), perhaps the most famous movie in American history. Although she was a veteran actress at the time, de Havilland s career hadn t progressed much since she started, and rumor has it that she eventually got the role after her own sister, Joan Fontaine, was asked to audition for the part and recommended Olivia instead. Olivia was ultimately nominated for an Academy Award for Best Supporting Actress and became a household name in her adopted country overnight. Having been typecast in light romantic comedies before Gone With the Wind, that performance ensured de Havilland subsequently had a long, productive and versatile career making everything from Westerns and dramas. Of those movies, she is perhaps most closely associated with the enigmatic Errol Flynn, another foreign-born actor who was more notorious...
