Brand New Book ***** Print on Demand *****.In education field many organizations do education as business with the students as well as with the teaching staff. But when they do this business they also need to apply some empathy on each of the operational role along with the student. Most of the competent organizations they adopt many standards and guidelines for running successful results by having best practices. Always the educational organization should not concentrate only for the toppers. They also need to concentrate to the low level scoring students to improve and prove them in society and to their parents from their hidden skills extraction. At the same time some of the organizations still they need to accelerate the improvements. In such organizations what kind of simple practices can be followed or adopted to facilitate better environment to accelerate the education performance; through this book I tried to demonstrate. This E-Book has been designed with the study made by the author from different educational institute s issues globally when he worked in different countries including India. And also interviewed many students and teaching staff also to find out their personal and institute s issues. The consolidated compiled work has been put together to adopt the required practices wherever required; by the management, Principals, Faculties and at the same time the matured students also need to understand the educational organization s internal issues while operating by reading this book. All the issues are related to different situations. They might not be able to achieve the targets due to: i) Targeted Marks not being achieved by students ii) Targeted Ranks not are appearing in results iii) Not able to beat the competitors iv)...
